

Making College Affordable

Testimonials

A few words from our past and current clients.

Dear Jason and staff at NCP:

My parents and I wanted to thank you so much for all of your help! You guys were awesome! I have wanted to go to Pepperdine ever since I went to a Tennis camp there in eight grade. I didn't know if I could get in because I had switched schools twice, and though my grades were good, my college counselors told me I could not get in unless I had over a 4.0. But you gave me hope! You helped me highlight all of my community service and extracurricular activities in my essays and applications. You also recommended that I try the ACT over the SAT, since Pepperdine takes both. Imagine my surprise that with a little bit of tutoring and practice I scored quite well on the ACT despite a poor SAT score! Last week, I nearly cried when I got my acceptance letter! And though I know my parents were initially worried about paying for a private university, you showed them how to *lower their EFC from \$45,730 to \$23,500*. This **saved our family \$88,920** in educational expenses which they plan on using to help me pay for medical school. But with you guys on our side I'm confident we can accomplish anything.

Thank you so much.

Sincerely -your future co-alumnus,

Jordan J.
